Honorable Carl Heastie
Speaker of the New York State Assembly
Legislative Office Building, Room 932
Albany, NY 12248

Dear Speaker Heastie:

With this letter, I am submitting the Annual Assembly Standing Committee on Economic Development, Job Creation, Commerce and Industry report for the 2025 Legislative Session. The 2025 Legislative Session has been challenging due to the pressure of growing inflation in our Nation. The Committee reviewed and participated in the enactment of the SFY 2025-26 budget process and worked on legislation that impacts State and local economic development, promotes job opportunities and addresses inequities within our economy.

The enacted budget provided significant investment in programs that promote a strong and equitable economy, including: \$250 million to support the redevelopment of underutilized sites for housing development (NY-RUSH); \$50 million in total funds for County Partnership grants program; \$90 million for Launch NY AI Consortium program; \$335 million for Championing Albany's Potential Initiative; and \$100 million to the Promote Opportunities with Electrical Readiness for Underdeveloped Properties Initiative. This year's budget also provided \$191,360 million in continue investment for the Office of Workforce and Economic Development at Empire State Development.

The oversight of the new programs created in the budget will be a priority for the Committee in the coming year. The priority focus areas of the Committee during the next session will include what can be done to support businesses and the workforce they employ.

On behalf of myself and the members of the Committee, I wish to thank you for supporting our efforts to encourage economic development and job opportunities across New York State. With your continued leadership New Yorkers can look forward to a productive session next year.

Sincerely,

A handwritten signature in cursive script that reads "Albert A. Stirpe Jr.".

I. INTRODUCTION: COMMITTEE JURISDICTION

The Assembly Standing Committee on Economic Development, Job Creation, Commerce and Industry is responsible for legislation that affects economic development and business regulation throughout the State. The Committee also provides oversight of the State's various economic development agencies, authorities and programs that notably impact the State's overall economy. The Committee's primary responsibility effects business and industries that are subject to the Economic Development, General Business, Unconsolidated Laws, Alcohol and Beverage Control, and Cannabis Laws.

The Committee interacts with many State agencies, economic development organizations and other groups and associations on these important issues. The State agencies include the Department of Economic Development, the Urban Development Corporation, the Job Development Authority, the Department of State, the State Liquor Authority, and the Office of Cannabis Management. The Committee works with numerous organizations that support economic development throughout the State, including not-for-profit local development corporations, economic development agencies, not-for-profit foundations, colleges and universities, Chambers of Commerce, Unions and Small Business Development Centers. The Committee also provides oversight of policies related to the sale of alcoholic beverages and adult-use cannabis.

The Committee currently has two Subcommittees that are tasked with providing more in-depth analysis on specific subject areas, which helps the committee better understand and respond to related legislation and policy proposals. The Subcommittee on Occupational Licenses focuses on reviewing and examining occupational licenses in relation to the licensing process, fee structure, educational requirements, and other aspects of these licenses as well as the contribution of these occupations to the State's economy. The Subcommittee on Export Trade provides insight about New York's international and domestic export experiences and how to bolster future expansion of New York State business exports.

II. FY 2025-26 ECONOMIC DEVELOPMENT BUDGET INITIATIVES

Empire State Development and Department of Economic Development

The Committee has long advocated for policies that support and promote economic development and job creation within the State. The New York State Budget provides funding for economic development programs through allocations to the Department of Economic Development and the Urban Development Corporation (doing business as Empire State Development). Funding through these programs is typically provided in the form of loans, grants, tax credits and other financial assistance to local governments, businesses, higher education institutions and not-for-profit corporations to develop stable and growing regional economies. In the enacted State Fiscal Year (SFY) 2025-2026 budget, the Committee supported key initiatives to boost New York's economy, create jobs and facilitate opportunities for all business sectors in the State in an equitable and inclusive manner.

The enacted State Budget provided an All Funds appropriation of \$106.6 million, an increase of \$5.7 million over the Executive proposal, for the Department of Economic Development. Further, the budget provided an All Funds appropriation of \$2.2 billion, an increase of \$358.9 million over the Executive proposal, for the Urban Development Corporation. The following are highlights of some of the programs that are funded to promote economic development and businesses in New York via the State Fiscal Year 2025-2026 Budget:

- **Highlighted Economic Initiatives**
 - \$250 million to support the redevelopment of underutilized sites for housing development (NY-RUSH);
 - \$50 million in total funds for County Partnership grants program;
 - \$90 million for Launch NY AI Consortium program;
 - \$335 million for Championing Albany's Potential Initiative; and
 - \$100 million to the Promote Opportunities with Electrical Readiness for Underdeveloped Properties Initiative.
- **Workforce Development**
 - \$191.360 million to support the Office of Workforce and Economic Development at Empire State Development to provide resources to: leverage Empire State Development's relationships with employers to help identify employer needs; develop tailored regional training strategies; support programs to train New Yorkers in the skills necessary to succeed in in-demand fields; make targeted investments in teachers, healthcare workers, apprenticeships and internships, mental health professionals, and caregivers; and the other training initiatives.

- **University-Based Programs:**

- \$15 million in total support for the Centers for Advanced Technology (CATs). The CATs collaborate with New York companies on the development of new technologies and products and create new businesses and high-quality jobs throughout the State.
- \$14.5 million in total support for each of the Centers of Excellence (CoEs). The CoEs collaborate with New York companies in commercializing scientific discoveries in fields such as nanoelectronics, bioinformatics, photonics, environmental systems, wireless applications, and information technology. Also, several CoE programs received funding as follows:
 - \$1 million to the University at Albany CoE in data science in atmospheric and environmental prediction and innovation;
 - \$1 million to New York Medical College to create and operate a CoE in Precision Responses to Bioterrorism and Disaster;
 - \$1 million to the Clarkson - SUNY ESF CoE in Healthy Water Solutions;
 - \$500,000 for the Broome County Community Charities;

 - \$250,000 for an Eastern NY satellite for Cornell's CoE in Agricultural Innovation; and
 - \$250,000 for a new CoE in RNA Research and Therapeutics at the University of Rochester.
- \$1.503 million for SUNY Polytechnic Institute College of Nanoscale Science and Engineering;
- \$1.503 million for Rensselaer Polytechnical Institute Focus Center;
- \$1 million University of Rochester Laser Energetics Program;
- \$1 million for Stony Brook Medicine's National Cancer Institute; and
- \$250,000 for Rensselaer Polytechnical Institute's Seed to City Initiative.

- **General Economic Development:**

- \$400 million for the New York Works Economic Development Fund;
- \$100 million for FAST-NY shovel ready site program;
- \$50 million for the Restore New York Communities Initiative;
- \$47 million for economic development initiatives of the State for promoting tourism and expanding business investment and job creation and retention;
- \$26.18 million for the Empire State Economic Development Fund;
- \$5 million for Arts and Cultural Venues of ALIVE! Downtowns;
- \$5 million for Pace University Performing Arts Center;
- \$3.45 million for local tourism promotion matching grants;
- \$15 million for the Market New York Program;
- \$7.5 million for retention of professional football in western New York; and
- \$500,000 for the Broome County Community Charities.

- **Business Assistance:**

- \$14 million for the Manufacturing Extension Partnership Program;
- \$12 million for the High Technology Matching Grants Program which includes Security Through Advanced Technology (START) initiative, the Small Business Innovation Research (SBIR) program, and the Small Business Technology Transfer (STTR) program;
- \$5 million for the New York State Innovation Hot Spots/ New York State Incubators;
- \$4.6 million for the Entrepreneurial Assistance Program (EAP);
- \$4 million for the Global Entrepreneurs in Residence program;
- \$1.382 million for the Technology Development Organizations (TDO);
- \$1.495 million for the Community Development Financial Institutions (CDFI) Program;
- \$885,000 total for the Minority- and Women-Owned Business Development and Lending Program and for Minority- and Women-Owned Business Development;
- \$921,000 for the Industrial Technology Extension Service Program;
- \$343,000 for the Science and Technology Law Center; and
- \$3.404 million for the Urban and Community Development Program.

Reginal Economic Development Councils

The 10 Regional Economic Development Councils (REDCs) of New York State, which include community, business, and academic leaders, and members of the public in each region, use their knowledge and understanding of local priorities and assets to help direct state investment in support of job creation and economic growth. REDCs have developed and implemented comprehensive Strategic Plans for their respective regions and regularly issue updated plans. These plans play an important role in determining how millions of dollars in existing economic aid are awarded through the State's Consolidated Funding Application (CFA).

- \$150 million for REDC grants program.
- \$200 million for a seventh round of the Downtown Revitalization Initiative (DRI) to be used to revitalize downtowns areas in each of the 10 economic regions of the State. Funds are to be distributed as follows:
 - \$100 million for main street redevelopment programs; and
 - \$100 million for the NY Forward grant program to support redevelopment in smaller and more rural areas.

Article VII – Economic Development

In the 2025-2026 enacted State budget:

- The Legislature modified the Executive proposal to extend the general loan powers of the Urban Development Corporation by providing a one-year extension to July 1, 2026.

- The Legislature modified the Executive proposal to extend the authorization of the Urban Development Corporation to administer the Economic Development Fund by providing a one-year extension to July 1, 2026.
- The Legislature modified the Executive proposal related to increasing the maximum amount of permitted investment by the State Comptroller for the Linked Deposit Program.
- The Legislature modified the Executive proposal to extend the Excelsior Jobs Program for five years, provide enhanced program benefits for semiconductor supply chain and manufacturing projects, sunset the current Employee Training Incentive Program, establish a new Semiconductor Workforce Training Program and Research Development Program, add enhanced reporting, and expand Empire State Job Retention Program benefits to small businesses, as well as to clarify job retention, restoration or creation as an eligibility criterion to receive program benefits.

New York State Liquor Authority and Office of Cannabis Management

- The enacted 2025-2026 State Fiscal Year Budget provided the Division of Alcohol Control with an All Funds State Operations appropriation of \$89.6 million, an increase of \$9.9 million from last year's level. The Division includes the State Liquor Authority (SLA) and the Office of Cannabis Management, the respective entities charged with enforcing the provisions of the Alcoholic Beverage Control Law and Cannabis Law in New York State.

Article VII – Alcohol Beverage Control and Cannabis

- **Cannabis**
 - The Legislature includes a new proposal to provide that the Chair of the Cannabis Control Board receive a per diem instead of a salary and allow the Board to enter into agreements with tribal nations.
 - The Legislature includes a new proposal to require medical cannabis registered organizations to pay a set fee to co-locate an adult use cannabis dispensary.
- **Alcohol Beverage Control**
 - The Legislature modifies the Executive proposal to extend the authority of the State Liquor Authority to issue Temporary Retail permits for one year to October 12, 2026.

III. IMPROVING NEW YORK'S ECONOMY AND CREATING JOBS

The Committee plays an important role in facilitating economic development policy in the State with an overarching objective to ensure an equitable and inclusive economy. The State's role should be to partner with local governments and the private sector to grow regional economies and to focus its incentives to support clusters such as emerging high-technology industries in New York. The Committee supports legislation that focuses economic development efforts toward assisting companies that retain and create jobs and contribute to the economic stability and revitalization of communities across New York. Companies that seek and receive State financial assistance should commit to retain or create jobs in their communities. Where appropriate, the State should seek to leverage resources and help emerging industries, thereby supporting the growth of specialized clusters in growing fields of employment.

The Committee's primary responsibility in the area of the Alcoholic Beverage Control (ABC) Law is to ensure the safe and lawful manufacturing, distribution and sale of alcoholic beverages in the State. In addition, the Committee has recognized the changing market for alcohol products in relation to agri-business and tourism. New York State has committed to utilizing New York's farm products to produce alcoholic beverages and encourage the expansion of local craft beverage markets.

The Committee's responsibility related to the Cannabis Control law is still evolving as adult-use cannabis is a new industry in New York State. The Committee's role is to review bills related to manufacturing, distribution, and retail sale of adult-use cannabis in New York.

The Committee will continue its review of the ABC and Cannabis Law to ensure the law is supporting a market that functions best, and in a balanced manner, for consumers and businesses. The Committee will review legislation that ensures communities have adequate information and notice as they make decisions about the future of cannabis, alcoholic beverage manufacturing businesses and retail establishments located in their neighborhoods.

- **Making Technical Changes to the Cannabis Showcase Event Permits**
A.418, Lupardo (Chapter 112 of the Laws of 2025)

IV. PUBLIC OUTREACH

- **Oversight of Economic Programs funded in the enacted 2025-2026 State Budget**

On October 9, 2025, the Committees on Economic Development and Small Business held a hearing to examine the impact and effectiveness of the economic development programs funded in the enacted 2025-2026 State Budget.

This hearing sought to provide Committee Members with information related to the effectiveness of State funded economic development programs as they relate to promoting an equitable and inclusive economy and ensuring that such programs are meeting the needs of businesses, the workforce, and communities historically or currently disproportionately impacted by economic pressures. The hearing also examined how programs can be improved to provide a greater economic impact across the State and enhance their impact in promoting equitable and inclusive policies.

V. OUTLOOK FOR 2026

During the 2025 Legislative Session, the Committee continues to monitor and address the issues facing businesses in all sectors as they resume their core business operations, including new recessionary pressures. While great strides have been made in keeping business whole and operational, it is essential that the Committee continues to help businesses succeed, support job opportunities and in doing so help New York families and communities in which these businesses operate.

During the 2026 Session, the legislative and budgetary focus for the Committee on Economic Development will include developing approaches that recognize economic development and workforce development are interconnected and mutually dependent. The focus will also include measures to ensure economic development that is both equitable and inclusive of those individuals who are left historically on the economic sidelines, especially those from marginalized communities. Committee priorities will include:

- Expanding and improving strategies within economic policy and oversight of the funds allocated for economic development, business growth, workforce development, research in the SFY 2025-2026 enacted budget.
- Improving transparency through committee's oversight role. The Committee is responsible for legislation that affects economic development and business regulation throughout the State but also has an oversight role of the State's various economic development agencies, authorities, and programs that notably impact the State's overall economic health; and
- Providing oversight of the alcohol and adult-use cannabis industry in New York State, especially related to reviewing the regulatory structure necessary to implement the licensure of the manufacturing, distribution, and retail sale of these products.
